## Parent/Guardian Consent Form

The Boys and Girls Club of Livingston County and Institute for Human Resources have collaborated to provide the youth of this county with additional services right here at your club!

The Institute of Human Resources will be providing an Outreach Counselor to provide individual sessions, and group therapy sessions focused on positive self-esteem, positive coping skills, and mood management. This service will be provided one day a week at each club. In order to participate in this opportunity, we must have your permission to meet with your child.

Because counseling is based on a trusting relationship between counselor and client, the counselor will keep information shared by the client confidential except in certain situations in which an ethical responsibility limits confidentiality. You will be notified under the following circumstances:

1. The student reveals information about hurting himself/herself or another person.
2. The student or another person may be in physical danger.
